Hi All,

Please find attached draft talking points regarding the designation schedule vs. FIP schedule/effective date. Is there a better way to soften the fourth bullet, i.e. that the FIP controls will not be in place soon enough to impact the final designations classifications?

I appreciate your comments/suggestions.

Thanks,

Jody

Subject: U&O FIP

Hi there,

As you know, we had a consultation with the Ute Tribe last week on Deseret and the U&O FIP. There will be a follow up consultation in early January (targeting the week of January 11th), to further discuss the FIP. In preparation for that meeting, we need to put together some talking points, which I am working on. However, it would be helpful if I could get a few bullets from you all to justify the FIP. Cost was one item that was brought up in the consultation (cost analysis, economic benefits, overall costs, push back from companies due to low oil prices), so a few bullets on what the costs are and where we got the data (based on national rules, Colorado rules etc) from would be helpful, expected AQ improvements, details on designation schedule vs. FIP schedule/effective date. Jody and Cindy, did I miss anything? I would need the bullets, at the latest, by January 4th, since we will need to get them to Shaun a week in advance of the consultation.

Thanks,

Dec
